**What you need to make a success out of your BIAN journey**

March 23, 2022 | Q&A

Question	Answer
For the C level Mgmt. Training, will you have metrics by way of demonstrating the qualitative and quantitative value proposition?	We try to get that info to include in the pocket guide. We started a WG to explore the options
Are the memberships quoted here defined at organisational or individual 'level'?	We can only allow organizations as a member due to avoid possible IP issues
Is certification also offered at Organizations level or individuals can apply?	Certification is also offered at an individual level
Is BIAN going to support Auto Consumer Loans business processes?	Yes, this is already available Our second Coreless Bank PoC was around Card loan, please visit our homepage for more information
I presume we can use ARIS as well?	Yes
Can I download XMI for Enterprise Architect from BIAN website?	No, non-members have read only rights. Downloads are only available out of our members area
<b>Answered live   Watch recording</b>	
There's only one certification, named "Foundation"? It's not clear to me with the references towards "Strategy Architects", "Data Architects" etc?	
Do you recommend the certification if you are more on the project management side?	
Are there any BIAN Training Center @ Americas?	
Are there any specific models for Payments specifically for RTP (Real Time Payments) or need to create from scratch?	
Is there any self-paced video training available?	
Is there any prerequisite for process modeler or data architect?	
Would membership make sense for a very small microfinance bank.	
Sorry if I missed, is there any BIAN adoption framework available?	
Is the foundational training suitable for Business Architects or is there is a	

requirement to have technology knowledge?	
How long again is the Enterprise training that you recommend for the project manager professional?	
How do you order the individual exams for the various certification types? I only see "BIAN Foundation" on Vanharen.store? (That's why I asked whether there were more than one exam)	
Are there plans to refine the Business Capability model (e.g. update missing definitions) and is the Business Architecture Guild included in the other standards that are referenced in the foundational training?	
BIAN Business Value and Benefits for Managers - is there a cost for non-members and if this can be done by non-technology participant as well When can this training be accessed It says Q3 2022	
How does the roadmap of BIAN look like?	
is BIAN subset of TOGAF, applicable for Banking only?	
What kind/level of support is available to FinTechs and RegTechs?
